

Product Terms

Version 4.1; Last Updated July 2023

INTRODUCTION

1. These Product Terms are comprised of:
 - The provisions set out in this **Introduction**;
 - **Section A: General Terms** which applies to all Contracts;
 - **Section B: Desktop Products** which applies to the access and use of all software products which, in order to be used, must be downloaded or installed on a user's computer or the Customer's local server or a cloud environment provided by the Customer (**Desktop Products**);
 - **Section C: Cloud Based Products** which applies to the access and use of products and services that are provided by Bentley utilising cloud services (**Cloud Based Products**);
 - **Section D: Daily Licensing and Consumption-Based Licensing** which applies to any access and use of certain software products where the Customer pays for usage in arrears;
 - **Section E: VOXI** which applies to the access and use of Bentley's proprietary product branded as VOXI and any related data computation services (**VOXI**);
 - **Section F: Academic Licensing** which applies to the access and use of any software product by an academic institute for teaching or research purposes;
 - **Section G: Consultants Daily Subscriptions:** which applies to the access and use of certain software products on a 'Consultants Daily subscription' model; and
 - **Section H: Region Specific Terms** which applies to the access and use of any Product by customers based in a specified country or region.
2. These Product Terms apply to all products and related services which are included in the Quote, Confirmation or MSA referencing these Product Terms, irrespective of whether those Products are made available as prototypes or as beta, early access or commercial release versions (each a **Product**, and together the **Products**). These Product Terms do not apply to standalone services such as training, consultancy or project assistance, implementation services or data consolidation, cleansing and cataloguing services all of which are dealt with under the Service Terms.
3. These Product Terms must be read in conjunction with the Quote or Confirmation, any applicable MSA, and any policies provided by Bentley to the Customer, which, together, form a binding contract between the Bentley Contract Entity and the Customer (the **Contract**). If there is any conflict between these Product Terms and the terms of any MSA or Quote, the terms of the MSA or Quote will take precedence.
4. The Contract constitutes the entire agreement between the Customer and the Bentley Contract Entity with respect to the subject matter covered by the Contract, and supersedes any and all negotiations and communications between the parties. Each party acknowledges that it has not relied on any commitment, representation or warranty in entering into the Contract, other than those expressly set out in the Contract. To avoid doubt, the Contract applies to the exclusion of any customer terms, including as incorporated in any purchase order (or otherwise). Any such additional terms or conditions, even if acknowledged by Bentley, shall not be binding on the parties, and such document relating to the Contract will be for administrative purposes only and will have no legal effect.

2. General Licence

- 2.1. Subject to the payment of all applicable Fees and compliance with the Contract, and where applicable depending on the type of Product, the Bentley Contract Entity grants the Customer a non-exclusive, non-sublicensable (subject to clause 2.5) and non-transferable right to use and access the Product(s) (**Licence**) specified in the applicable MSA, Quote or Confirmation in accordance with and for the term specified in the Contract.

- 2.2. Where the use of a Product is subject to Usage Limits and the Customer exceeds a Usage Limit, Bentley will work with the Customer to reduce or change the Customer's usage so that it conforms to the relevant Usage Limit. If the Customer is unable or unwilling to abide by Usage Limits, the Bentley Contract Entity will be entitled to invoice for, and the Customer will be liable to pay, any additional charges related to the excess usage or necessary to increase the relevant Usage Limits to a level which are sufficient for the Customer's usage.
- 2.3. The Customer must not:
- a. translate, adapt or modify any Product or do anything to circumvent the operation of any Product;
 - b. provide access to any Product to any unauthorised third party by any means including sharing log-in or identity information, or lending, renting, leasing, transferring, assigning or dealing in any Product, Documents or in any other way dealing with the Customer's rights under a Contract without the prior written consent of Bentley;
 - c. alter or modify the whole or any part of any Product, or permit or enable any Product or any part of it to be combined with or incorporated into any other programs, products, software or systems; or
 - d. disassemble, decompile, reverse-engineer or create derivative works based on the whole or any part of any Product, or copy or modify any Documents or attempt to do any such thing except to the extent expressly permitted by law.
- 2.4. Where a Customer's Authorised Users are employees or contractors of a Customer Group Entity, the Customer expressly agrees that it nonetheless remains responsible to Bentley for the acts or omissions of such Authorised Users as if they were employees or contractors of the Customer.
- 2.5. Notwithstanding clause 2.1, the Bentley Contract Entity may (at its sole discretion) allow a Customer to sublicense its rights under a Contract to a Customer Group Entity, subject to the Customer remaining responsible for the acts or omissions of any Customer Group Entity and ensuring that each Customer Group Entity complies with the Contract (so that a breach by a Customer Group Entity of the terms of the Contract will be deemed a breach by the Customer).

3. Customer Obligations

- 3.1. The Customer is responsible for:
- a. ensuring that its Authorised Users comply with the User Terms and the Contract;
 - b. ensuring that its Authorised Users keep confidential their Seequent IDs and do not share the same with any other employee, contractor or representative of the Customer or any third party;
 - c. paying all Fees and charges due under the Contract, including any charges payable as a result of exceeding Usage Limits and any additional charges payable for use of the Products by unauthorised users;
 - d. ensuring that the Administration Portal is used in a responsible manner in accordance with the Contract and any applicable Usage Limits;
 - e. ensuring that individuals who are not employed by or contracted to the Customer or are otherwise not authorised to use the Products are not granted access to the Products; and
 - f. suspending or removing access to a Product for any individual that ceases to be an Authorised User of that Product. If no Administration Portal is available to the Customer, it may request via email Bentley suspend or remove access for such an individual.
- 3.2. All Authorised Users must have a Seequent ID to access or use any Product. The Customer is liable for the actions and Product use of any individual who gains access to the Products Licenced to the

Customer or through the use of any Seequent ID, irrespective of whether that access was authorised by the Customer.

- 3.3. By entering into the Contract or installing and using a Product, the Customer represents and warrants that the individual representing the Customer has the legal capacity and authority to enter into a binding agreement with the Bentley Contract Entity.
- 3.4. The Customer represents and warrants that the Products will be used only in accordance with the Contract and in accordance with all applicable laws and regulations, including all applicable technology controls or export laws and regulations.
- 3.5. Where available, Bentley may offer the ability for the Customer to designate an Authorised User as an administrator with control over the Customer's use of the Products (**Administrator**), including management of Authorised Users and Customer Data, as described in the Documentation. The Customer is fully responsible for its choice of Administrator and any actions the Administrator takes. The Customer agrees that Bentley's responsibilities do not extend to the internal management or administration of the Products by the Customer.

4. Beta Products

- 4.1. Beta releases of a Product (**Beta Products**) allow Authorised Users to use and evaluate pre-release Products before that Product is commercially available. Beta Products may contain errors or inaccuracies and may not function in the same manner as commercially available Products. With respect to Beta Products, the Customer acknowledges and agrees that (notwithstanding any provision to the contrary herein) the Beta Product is provided on an "as is" basis without any warranty of any kind. Bentley is under no obligation to provide support for the use of a Beta Product.

5. Support and Maintenance

- 5.1. Where the Customer has entered into a Contract for the purchase of a right to access and use a Product on a subscription basis, the software Products include the right to receive Support and Maintenance for the term specified in the Contract.
- 5.2. Where the Customer has entered into a Contract for the purchase of a right to access and use a Product on a perpetual Licence, the provision of Support and Maintenance by the Bentley Contract Entity is subject to the payment in advance of the necessary Fees for the same and the Customer's right to access and use such Support and Maintenance will commence on the date and be provided for the term specified in the Contract.
- 5.3. Bentley has no obligation to permit a Customer to purchase Support and Maintenance with respect to any Product Licenced on a perpetual basis and where the Customer has allowed their Support and Maintenance to lapse for any such period that they have not paid for Support and Maintenance on a continual basis since the commencement of the relevant Licence. In such circumstances, the Customer may be required to make payment for the lapsed periods or a new Licence.

6. Systems Requirements

- 6.1. Bentley will publish or otherwise provide a statement of its system requirements which describe the minimum hardware and software requirements the Customer's systems must meet to access and use Products. The Customer is responsible for ensuring that its hardware and software meet at least the minimum standards of Bentley's system requirements and will be responsible for any costs associated with meeting these requirements.
- 6.2. Bentley expressly reserves the right to update unilaterally or change the system requirements as it maintains and develops Products. Bentley will provide the Customer with the appropriate notification of important changes to the system requirements during development, such as when a new Product version is released.

7. Confidentiality

- 7.1. From time to time, either party (**Disclosing Party**) may disclose Confidential Information to the other party (**Receiving Party**). The Receiving Party must at all times ensure the confidentiality of the Confidential Information and ensure that its officers, employees and agents do not disclose, communicate, copy or reveal for any purpose whatsoever the Confidential Information except as permitted under these Product Terms or any Contract. If the Customer has entered into a Contract to purchase a Third Party Product, the Customer expressly permits Bentley to disclose certain information, including the identity of any users (to the extent known) and the date on which the Licence was issued, to that third party for the purpose of fulfilling the Contract. For the purposes of this clause, Confidential Information includes the Products, Documents, and information relating to the customer account and any other information provided by Disclosing Party to Receiving Party as confidential, or which from its nature and content is, or would reasonably be expected to be, confidential. The obligations under this clause will survive termination of any Contract.

8. Intellectual Property

- 8.1. The Customer acknowledges that the Intellectual Property rights in the Products and the Documents are vested in one or more members of Bentley and that the Customer has no rights in or to the Products or Documents other than the right to use them in accordance with the Contract. The Customer must maintain all intellectual property notices appearing on the Products or Documents. The Customer must notify Bentley immediately, in writing, if the Customer knows of any circumstances that suggest any breach of Bentley's Intellectual Property rights, including that any person, entity, or computer program may have unauthorised knowledge, possession or use of any Product or Documents. The Customer acknowledges that it has no right to access the Products in source code form.
- 8.2. The Customer must promptly provide Bentley with written notice if the Customer has knowledge of a claim or the likelihood of a claim by a third party against the Customer that the Customer's use of the Products infringes that third party's intellectual property rights.
- 8.3. Bentley shall defend the Customer against any claim made by a third party against the Customer that a Product, specifically excluding Beta Products and Third Party Products, infringes any patent effective at the date of commencement of a Contract, copyright, database right or right of confidentiality owned by or proprietary to the third party, and shall indemnify the Customer for any amounts awarded against the Customer in judgment or settlement of any such claim, provided that:
- a. Bentley is given prompt written notice of any such claim;
 - b. the Customer provides reasonable co-operation to Bentley in the defence and settlement of such claim, at Bentley's expense;
 - c. the Customer takes all reasonable steps to mitigate its losses or damage; and
 - d. Bentley is given sole authority to defend or settle the claim (the Customer is obliged to issue all required documents (including powers of attorney) authorising Bentley to defend or settle the claim).
- 8.4. In the defence or settlement of any claim under clause 8.3, Bentley may obtain for the Customer the right to continue using a Product, replace or modify a Product so that it becomes non-infringing or, if such remedies are not reasonably available, unilaterally terminate the Contract without liability to the Customer by notifying the Customer in writing on such termination. Bentley shall have no liability if the alleged infringement is based on:
- a. a modification of a Product by anyone other than Bentley;
 - b. the Customer's use of a Product in a manner contrary to the instructions given to the Customer by Bentley and set out in the Contract; or
 - c. the Customer's use of a Product after notice of the alleged or actual infringement from Bentley or any appropriate authority.

- 8.5. The foregoing states the Customer's sole and exclusive rights and remedies, and Bentley's entire obligations and liability with respect to third party claims for patent, copyright, database or right of confidentiality infringement.

9. Charges and Payment

- 9.1. The Customer shall pay all invoices in cleared funds when due, in full, without deduction or setoff of any kind, and in the specified currency. Unless otherwise specified on an invoice or otherwise agreed in writing, all invoices are immediately due and payable on their date of issue. Fees are non-refundable.
- 9.2. The Customer is solely responsible for all taxes, fees, duties and governmental assessments (except for taxes based on Bentley's net income) that are imposed or become due in connection with a Contract. In the event that the Customer becomes liable to deduct or withhold an amount by way of tax or otherwise from payment of the Fees due, or if the Bentley Contract Entity is required to collect any sales, use or other taxes from the Customer, the Customer will pay such additional amount as will be necessary to ensure that the amount of the Fees received by the Bentley Contract Entity equals the amount that would otherwise have been received in the absence of such deduction, withholding tax or duty.
- 9.3. The Bentley Contract Entity may charge interest on overdue amounts. If Customer fails to pay any Fees on time, the Bentley Contract Entity reserves the right, in addition to taking any other action at law or equity, to charge interest on past due amounts at 1.5% per month or the highest interest rate allowed by law, whichever is less, and to charge all expenses of recovery. Interest will be calculated from the due date to the date of payment (both inclusive).
- 9.4. Upon reasonable advance written notice, Bentley shall have the right to have an independent auditor (reasonably acceptable to the Customer) verify the Customer's compliance with the relevant Contract, in particular, any Usage Limits specified in a Contract. The Customer shall make its systems and all applicable records available for such inspection during normal business hours at the Customer's principal place of business. Any such audit shall be at Bentley's expense, unless it discloses a failure by the Customer to comply with the terms of the relevant Contract, in which case the Customer will immediately reimburse Bentley for such expenses.
- 9.5. Should Bentley discover that one or more Authorised Users have shared their Seequent IDs in breach of clause 3.1b (**Unauthorised Use**), Bentley shall be entitled to invoice the Customer for the Unauthorised Use on notice to the Customer of the same (provided that Bentley also supplies Customer with reasonable evidence of such Unauthorised Use).

10. Term and Termination

- 10.1. The term of any Licences granted under a Contract will be specified in the Contract. Except as otherwise agreed in writing by Bentley in a Quote or MSA, and subject to clause 10.2 of this Section A, any Licence for a Product will automatically renew upon each anniversary of the date it was issued by the Bentley Contract Entity through its licensing system (the **Renewal Date**) for additional periods equal to the expiring term or one year (whichever is shorter). Unless otherwise agreed in writing, the Fees for any renewal of a Licence will be the then current list price for the Product as notified to the Customer by Bentley.
- 10.2. Bentley will provide notice of the renewal of the term of any Licenced Product at least sixty (60) days prior to its expiry by issuing a Quote to the Customer or otherwise following an agreed process in any MSA. The Customer may accept the Quote or other applicable notification but in any case the Quote or other notification of renewal will automatically be deemed accepted and a Contract formed unless the Customer provides written notice of non-renewal at least thirty (30) days' prior to the expiry of the term of the then current Licence. Upon acceptance or deemed acceptance, Bentley will issue an invoice for the applicable Fees which will be payable upon its terms and/or the terms of the Contract.
- 10.3. Either party may terminate the Contract immediately by notice in writing to the other party if:
- a. the other party is in irremediable breach of its material obligations or, in the case of a remediable breach, such breach has not been remedied within fourteen (14) days of receipt by the breaching party of a notice from the other party specifying the breach and requiring its remedy;

- b. the other party enters into voluntary or compulsory liquidation, or compounds with or convenes a meeting of its creditors or has a receiver or manager or an administrator appointed over any part of its assets, or ceases for any reason to carry on business, or takes or suffers any analogous action which is likely to result in an inability to pay its debts when due; or
- c. any change in applicable law or regulation renders performance under any provision of the Contract impracticable or impossible.

10.4 For the avoidance of doubt, material obligations of the Contract include any obligations which relate to what the Customer or any Authorised Users may or may not do with respect to the Products and any obligations related to intellectual property rights, confidentiality, or payment of amounts due.

10.5 Immediately upon termination of a Contract or any Licence of a Product for any reason:

- a. all rights granted to the Customer under the Contract will cease in whole or with respect to the relevant Product as applicable;
- b. the Customer must pay in full any sums due to the Bentley Contract Entity under the Contract; and
- c. the Customer must immediately delete or remove the Product from all computer equipment in its possession and immediately destroy or return to Bentley all copies of the Product and Documents that the Customer has in its possession, custody or control and, in the case of destruction, certify to Bentley that the Customer has done it.

11. Right to Suspend Licence

11.1. In the event that the Customer or any Authorised User breaches any material obligation of the Contract (including, without limitation, the obligation to pay Fees), Bentley may block any or all Authorised Users' access to the Products or otherwise suspend the Customer's access to the Products or any Administration Portal or other service made available by Bentley until such time as the breach is remedied.

12. Data and Security

12.1. Ownership of all rights, title and interest in the Customer Data shall remain with the Customer. Bentley will maintain the confidentiality of the Customer Data and will not copy or reproduce the Customer Data except as required for the fulfilment of its obligations under the Contract (including the right to provide Cloud Based Products and support services requested by the Customer). The Customer will be solely responsible for the Customer Data, including without limitation for uploading such data, securing transmission of such data to Bentley and/or appropriately formatting and configuring such data for use with the Cloud Based Products.

12.2. Any personal data (including personal data contained within Usage Data) collected by Bentley as a result of the performance of its obligations under the Contract will be collected and used in accordance with the [Privacy Policy](#) published on the Website. Where Bentley is acting in the capacity of a data processor and/or service provider in respect of any personal data submitted to the services, the parties agree to adhere to the [Data Processing Addendum](#).

12.3. From time to time, Bentley will collect Usage Data generated as a result of the Customer's or any user's use of the Products and other Bentley services (for example, technical information about the operating environment and sessions, systems architecture, page loads and views, product versions, number and type of searches, number of users, source type and format and which parts of the Products are being used and how they are performing). Bentley may collect Usage Data for a variety of reasons, such as to identify, understand, and anticipate performance issues and the factors that affect customers, to provide updates and personalised experiences to users, to improve the Products and to help customers use the Products more effectively. The Customer agrees and acknowledges that all Usage Data is owned by Bentley and the Customer agrees not to alter or interfere with the collection by Bentley of accurate Usage Data.

12.4. Bentley will maintain appropriate administrative, physical, and technical safeguards for protection of the security, confidentiality, and integrity of Customer Data, as described in the Documentation. Those safeguards will include, but will not be limited to, measures designed to prevent unauthorised access to or disclosure of Customer Data (other than by the Customer or Authorised Users).

13. Liability

13.1. The Customer acknowledges that the Products operate in a predictive manner relative to input, and that Bentley has no control over the collection, use or interpretation of input. The Customer assumes sole responsibility with respect to the use and the results of the use of the Products and Documents in terms of correctness, accuracy, reliability and performance, and the conclusions drawn from such use. Furthermore, the Customer acknowledges that the Products have not been developed to meet any individual requirements, and that it is the Customer's responsibility to ensure that the features, facilities and functions of the Product as described in the Documents meet the Customer's requirements.

13.2. Bentley shall have no liability for any damage caused by error or omissions in any information, instructions or scripts provided to Bentley by the Customer in connection with a Product or any actions taken by Bentley at the Customer's direction.

13.3. Except as expressly and specifically provided in these Product Terms all warranties, representations, conditions and all other terms of any kind whatsoever implied by statute or common law are, to the fullest extent permitted by applicable law, excluded from these Product Terms.

13.4. To the fullest extent permissible at law:

a. Bentley shall not be liable whether in tort (including for negligence or breach of statutory duty), contract, misrepresentation (whether innocent or negligent), restitution or otherwise for any loss of profits, loss of business, depletion of goodwill and/or similar losses or loss or corruption of data or information, or pure economic loss, or for any special, indirect or consequential loss however arising under the Contract; and

b. Bentley's maximum aggregate liability in contract (including in respect of the indemnity at clause 8.3), tort (including negligence) or otherwise shall be limited to the lesser of either (a) the total amount paid or payable by the Customer for access to and use of the Product in the 12 months prior to the event giving rise to the liability or (b) USD\$100,000 or its equivalent in any other currency.

13.5. Notwithstanding any grant of access or sublicense to any Customer Group Entity under clauses 2.4 and 2.5 of this Section A, Bentley's liability under the Contract is solely to the Customer and not to any Customer Group Entity and, if required, the Customer will indemnify all Bentley entities (including its officers, directors, agents and employees) from and against any and all claims, costs, damages, losses, liabilities and expenses (including reasonable attorneys' fees and costs) resulting from any claim by a Customer Group Entity.

14. Third party libraries

14.1 GeoStudio Products incorporate third party manufacturer reinforcement libraries including, without limitation, Tensar, Maccaferri S.p.A, Huesker and TenCate. Bentley takes no responsibility for the accuracy or reliability of the underlying data provided by these third parties. Bentley shall have no liability for any damage caused by errors or omissions in any information, instructions or scripts as a result of the use of a third-party reinforcement library.

15. Application to contracts with Authorised Resellers

15.1. Where a Customer purchases a right to access and use a Product from an Authorised Reseller:

a. its contract is with the Authorised Reseller and Bentley will not be bound by any terms and conditions agreed by the Customer and the Authorised Reseller that apply to the access and use of the Product (or payment for the same) in addition to these Product Terms;

- b. notwithstanding the provisions of clause 15.1.a. above, these Product Terms will govern all access and use of the Products and the Customer agrees to be bound by these Product Terms to the exclusion of all other terms with respect to access and use of the Products. Bentley reserves the right to suspend or terminate unilaterally any Customer's or user's access to any Product if they breach these Product Terms, irrespective of whether they purchased the right to access and use the Products directly from Bentley or from an Authorised Reseller; and
- c. Bentley accepts no liability for any Authorised Reseller's failure to comply with the terms of any contract between it and the Customer relating to the access and use of any Product.

16. Force Majeure

- 16.1. Neither party is liable to the other for any failure or delay in performing its obligations (other than an obligation to make payment) under the Contract to the extent caused by Force Majeure.
- 16.2. If the Force Majeure event lasts for more than ninety (90) days, then either party is entitled to terminate the relevant Contract by sending a relevant written termination notice to the other party not later than five (5) days prior to the expected termination date.

17. Survival

- 17.1. All provisions of these Product Terms which, by their nature, should survive termination will survive termination, including clauses 7, 8, 9, 10, 11, 13, 17 and 19.

18. Governing Law

- 18.1. Except as otherwise set out in Section H (Region Specific Terms):
 - a. where the Customer is located outside the geographic boundaries of the United Kingdom, the United States or Canada, the terms of the Contract (including these Product Terms) will be governed by, interpreted, and enforced in accordance with the laws of Ireland, without regard to conflicts of law provisions;
 - b. where the Customer is located within the geographic boundaries of the United Kingdom, the terms of the Contract (including these Product Terms) will be governed by, interpreted, and enforced in accordance with the laws of England and Wales, without regard to conflicts of law provisions; or
 - c. where the Customer is located within the geographic boundaries of the United States or Canada, the terms of the Contract (including these Product Terms) will be governed by and construed in accordance with the substantive laws in force in the Commonwealth of Pennsylvania, without regard to conflicts of law provisions.
- 18.2. To the maximum extent permitted by applicable law, the parties agree that the provisions of the United Nations Convention on Contracts for the International Sale of Goods, as amended, and of the Uniform Computer Information Transactions Act, as it may have been or hereafter may be in effect in any jurisdiction, shall not apply to this Contract.

19. Dispute Resolution

- 19.1. Before taking any court action, a party must use their best efforts to resolve any dispute, controversy or claim (**Dispute**) under, or in connection with, the Contract, including those connected with breach, termination, interpretation, performance, binding effect and validity of the Contract, through good faith negotiations. If the parties are unable to resolve a Dispute through good faith negotiations within ten (10) days upon the date of occurrence a relevant Dispute, the terms of clause 19.2 apply.
- 19.2. Except as otherwise set out in Section H (Region Specific Terms), if the parties are unable to resolve a Dispute in accordance with clause 19.1:

- a. where the Contract is governed by the laws of Ireland, the parties shall submit to binding arbitration before a single arbitrator in Dublin, Ireland in accordance with the Commercial Arbitration Rules of the International Chamber of Commerce;
- b. where the Contract is governed by the laws of the United Kingdom, the parties shall submit to binding arbitration before a single arbitrator in London, United Kingdom in accordance with the Commercial Arbitration Rules of the International Chamber of Commerce; or
- c. where the Contract is governed by the laws of the Commonwealth of Pennsylvania, the parties shall submit to binding arbitration before a single arbitrator in Philadelphia, Pennsylvania in accordance with the Commercial Arbitration Rules of the American Arbitration Association.

The decision of the arbitrator shall be final and binding on the parties, and the judgment upon the award rendered by the arbitrator shall be enforceable in any court of competent jurisdiction. Each party shall bear its own legal fees, costs, and expenses incurred in such arbitration. Notwithstanding this clause 19.2, Bentley has the right to commence proceedings against the Customer in any court in respect of a failure by the Customer to comply with Clause 9 of this Section A without first submitting to binding arbitration. The foregoing shall not restrict nor prevent Bentley from seeking injunctive relief in any court of competent jurisdiction.

20. Notices

- 20.1.
