The Customer is liable for the actions and Product use of any individual who gains access to the Products Licenced to the Customer or through the use of any Seequent ID, irrespective of whether that access was authorised by the Customer.

- 6.2. Seequent expressly reserves the right to update unilaterally or change the system requirements as it maintains and develops Products. Seequent will provide the Customer with the appropriate notification of important changes to the system requirements during development, such as when a new Product version is released.

If the Customer has entered into a Contract to purchase a Third Party Product, the Customer expressly permits Seequent to disclose certain information (including the identity of any users (to the extent known) and the date on which the Licence was issued) to that third party for the purpose of fulfilling the Contract. For the purposes of this clause, Confidential Information includes the Products, Documents, and information relating to the customer account and any other information provided by Disclosing Party to Receiving Party as confidential, or which from its nature and content is, or would reasonably be expected to be, confidential. The obligations under this clause will survive termination of any Contract in perpetuity.

8. Intellectual Property

- 8.1. The Customer acknowledges that the Intellectual Property rights in the Products and the Documents are vested in one or more members of the Seequent Group and that the Customer has no rights in or to the Products or Documents other than the right to use them in accordance with the Contract. The Customer must maintain all intellectual property notices appearing on the Products or Documents. The Customer must notify Seequent immediately in writing if the Customer knows of any circumstances that suggest that any person may have unauthorised knowledge, possession or use of any Product or Documents. The Customer acknowledges that it has no right to access the Products in source code form.
- 8.2. The Customer must promptly provide Seequent with written notice if the Customer has knowledge of a claim or the likelihood of a claim by a third party against the Customer that the Customer's use of the Products infringes that third party's intellectual property rights. If any Product becomes or, in Seequent's opinion, is likely to become the subject of any injunction preventing its use as contemplated herein, Seequent may in relation to commercial release versions of any Product, at its option:
 - a. obtain the right for the Customer to continue using the affected Products; or
 - b. replace or modify any such Product so that it becomes non-infringing without substantially compromising its principal functions.
- 8.3. Seequent shall defend the Customer against any claim made by a third party against the Customer that a Product, specifically excluding Beta Products and Third Party Products, infringes any patent effective at the date of commencement of a Contract, copyright, database right or right of confidentiality owned by or proprietary to the third party, and shall indemnify the Customer for any amounts awarded against the Customer in judgment or settlement of any such claim, provided that:
 - a. Seequent is given prompt notice of any such claim;

 - c. the Customer takes all reasonable steps to mitigate its losses or damage; and
 - d. Seequent is given sole authority to defend or settle the claim (the Customer is obliged, in particular, to issue all required documents (including powers of attorney) authorising Seequent to defend or settle the claim).
- 8.4. In the defence or settlement of any claim under clause 8.3, Seequent may obtain for the Customer the right to continue using a Product, replace or modify a Product so that it becomes non-infringing or, if

such remedies are not reasonably available, unilaterally terminate the Contract in out-of-court proceedings without liability to the Customer by notifying the Customer in writing on such termination. Seequent shall have no liability if the alleged infringement is based on:

- a. a modification of a Product by anyone other than Seequent;
 - b. the Customer's use of a Product in a manner contrary to the instructions given to the Customer by Seequent and set out in the Contract; or
 - c. the Customer's use of a Product after notice of the alleged or actual infringement from Seequent or any appropriate authority.
- 8.5. The foregoing states the Customer's sole and exclusive rights and remedies, and Seequent's entire obligations and liability with respect to third party claims for patent, copyright, database or right of confidentiality infringement.

9. Charges and Payment

- 9.1. Customer shall pay all invoices in cleared funds when due, in full without deduction or setoff of any kind, and in the specified currency. Unless otherwise specified on an invoice or otherwise agreed in writing, all invoices are immediately due and payable on their date of issue. Fees are non-refundable.
- 9.2. The Customer is solely responsible for all taxes, fees, duties and governmental assessments (except for taxes based on Seequent's net income) that are imposed or become due in connection with a Contract. In the event that the Customer becomes liable to deduct or withhold an amount by way of tax or otherwise from payment of the Fees due, or if Seequent is required to collect any sales, use or other taxes from the Customer, the Customer will pay such additional amount as will be necessary to ensure that the amount of the Fees received by Seequent equals the amount that would otherwise have been received in the absence of such deduction, withholding tax or duty.
- 9.3. Seequent may charge interest on overdue amounts. If Customer fails to pay any Fees on time, Seequent reserves the right, in addition to taking any other action at law or equity, to charge interest on past due amounts at 1.0% per month or the highest interest rate allowed by law, whichever is less, and to charge all expenses of recovery. Interest will be calculated from the due date to the date of payment (both inclusive).
- 9.4. Upon reasonable advance written notice, Seequent shall have the right to have an independent auditor (reasonably acceptable to the Customer) verify the Customer's compliance with the relevant Contract, in particular, any Usage Limits specified in a Contract. The Customer shall make its systems and all applicable records available for such inspection during normal business hours at the Customer's principal place of business. Any such audit shall be at Seequent's expense, unless it discloses a failure by the Customer to comply with the terms of the relevant Contract, in which case the Customer will reimburse Seequent for such expenses.
- 9.5. Should Seequent discover that one or more Authorised Users have shared Seequent IDs in breach of clause 3.1b (**Unauthorised Use**), Seequent shall be entitled to invoice the Customer for the Unauthorised Use on notice to the Customer of the same (provided that Seequent also supplies Customer with reasonable evidence of such Unauthorised Use).

10. Term and Termination

- 10.1. The term of any Licences granted under a Contract will be specified in the Contract. Except as otherwise agreed in writing by Seequent in a Quote or MSA, any Licence for a Product will automatically renew upon each anniversary of the date it was issued by Seequent through its licensing system (the **Renewal Date**) for additional periods equal to the expiring term or one year (whichever is shorter). Unless otherwise agreed in writing, the Fees for any renewal of a Licence will be the then current list price for the Product as notified to the Customer by Seequent.
- 10.2. Seequent will provide notice of the renewal of the term of any Licenced Product at least 60 days prior to its expiry by issuing a Quote to the Customer or otherwise following an agreed process in any MSA. The Customer may accept the Quote or other applicable notification but in any case the Quote or other notification of renewal will automatically be deemed accepted and a Contract formed unless the Customer provides 30 days' written notice of non-renewal prior to the expiry of the term of the then current Licence. Upon acceptance or deemed acceptance, Seequent will issue an invoice for the applicable Fees which will be payable upon its terms and/or the terms of the Contract.
- 10.3. Either party may unilaterally terminate the Contract in out-of-court proceedings immediately by notice in writing to the other party if the other party:
 - a. is in irremediable breach of its material obligations or, in the case of a remediable breach, such

breach has not been remedied within 14 days of receipt by the breaching party of a notice from the other party specifying the breach and requiring its remedy; or

- b. enters into voluntary or compulsory liquidation, or compounds with or convenes a meeting of its creditors or has a receiver or manager or an administrator appointed over any part of its assets, or ceases for any reason to carry on business, or takes or suffers any analogous action which is likely to result in an inability to pay its debts.
- 10.4. For the avoidance of doubt, material provisions of the Contract include any which relate to what the Customer or any Authorised Users may or may not do with respect to the Products and any provisions related to intellectual property rights or confidentiality.

- a. all rights granted to the Customer under the Contract will cease in whole or with respect to the relevant Product as applicable;
 - b. the Customer must pay any sums due to Seequent under the Contract in whole or with respect to the relevant Product as applicable; and
 - c. the Customer must immediately delete or remove the Product from all computer equipment in its possession and immediately destroy or return to Seequent all copies of the Product and Documents that the Customer has in its possession, custody or control and, in the case of destruction, certify to Seequent that the Customer has done it.

11. Right to Suspend Licence

- 11.1. In the event that the Customer or any Authorised User breaches any material term of the Contract (including, without limitation, the obligation to pay Fees) Seequent may block any or all Authorised Users' access to the Products or otherwise suspend the Customer's access to the Products or any Administration Portal or other service made available by Seequent until such time as the breach is remedied.

Usage Data does not include Customer Data. Seequent may collect Usage Data for a variety of reasons, such as to identify, understand, and anticipate performance issues and the factors that affect customers, to provide updates and personalized experiences to users, and to improve the Products. The Customer consents to Seequent collecting Usage Data solely for its internal business purposes, provided that such information does not identify the Customer, a specific individual or contain any personally identifiable information.
- 12.4. Seequent will maintain appropriate administrative, physical, and technical safeguards for protection of the security, confidentiality and integrity of Customer Data, as described in the Documentation. Those safeguards will include, but will not be limited to, measures designed to prevent unauthorised access to or disclosure of Customer Data (other than by Customer or Authorised Users).

13. Liability

- 13.1. The Customer acknowledges that the Products operate in a predictive manner relative to input, and that Seequent has no control over the collection, use or interpretation of input. The Customer assumes sole responsibility with respect to the use and the results of the use of the Products and Documents in terms of correctness, accuracy, reliability and performance, and the conclusions drawn from such use. Furthermore, the Customer acknowledges that the Products have not been developed to meet any individual requirements, and that it is the Customer's responsibility to ensure that the facilities and functions of the Product as described in the Documents meet the Customer's requirements.

- 13.2. Seequent shall have no liability for any damage caused by error or omissions in any information, instructions or scripts provided to Seequent by the Customer in connection with a Product or any actions taken by Seequent at the Customer's direction.

- 13.5. Notwithstanding any grant of access or sublicense to any Customer Group Entity under clauses 2.4 and 2.5, Seequent's liability under the Contract is solely to the Customer and not to any Customer Group Entity (and if required, Customer will indemnify Seequent against any loss arising from any claim against Seequent by a Customer Group Entity).

 - b. notwithstanding the provisions of clause 15a above, these Product Terms will govern all use of the Products and the Customer agrees to be bound by these Product Terms to the exclusion of all other terms with respect to access and use of the Products. Seequent reserves the right to suspend or terminate unilaterally any Customer's or user's access to and use of any Product in out-of-court proceedings if they breach these Product Terms, irrespective of whether they purchased the right to access and use the Products directly from a Seequent Group Entity or from an Authorised Reseller; and
 - c. Seequent accepts no liability for any Authorised Reseller's failure to comply with the terms of any contract between it and the Customer relating to the access and use of any Product.

16. Force Majeure

- 16.1. The party shall not be responsible or liable for, nor considered to be in breach of its obligations under a Contract, for any failure or delay in performance of its obligations under a Contract arising from or attributable to any Force Majeure, which shall include (but not be limited to) events that are unpredictable, unforeseeable, or irresistible, such as any severe weather, earthquake, fire, epidemic, pandemic, acts of terrorism, biological warfare, outbreak of military or civil hostilities, explosions, strikes, sabotage, governmental interference or decree, interruption of service due to telecom carriers, internet service provider issues, power supply issues, or other technology issues.
- 16.2. Neither party is liable to the other for any failure to perform its obligations under the Contract to the extent caused by Force Majeure, provided that the affected party:

The mediation will start no later than 10 days after the date of the Mediation Notice. Unless otherwise agreed in writing, the mediation shall take place in the city or town of Seequent's registered address.
